TABLETOP

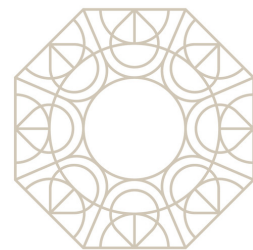

TABLETOP

Tabletop is a boutique event rental company, offering elegant and impactful items for every type of table at your event. We are excited to carry the finest and, we think, most impressive tabletop items on the market. We're sisters who have always wanted to work together. Tabletop is our (very good) excuse to chit chat over ideas and brainstorm toward something useful together. We think the result is awfully compelling and we sincerely hope you will enjoy using our pieces at all of your events.
